Executive Summary

Chicago Shot Works

Chicago, Illinois

ILD980678312

The Chicago Shot Tower Works was in operation from 1906 until 1926. It is speculated that the facility was a manufacturer of lead shot during the war. The address and any other specific information regarding the history of the site is unknown.

In 1891, N.L. Industries was formed by the merger of a number of independent lead or lead products manufacturers; one of these was Chicago Shot Tower Works. At this time, N.L. Industries filed CERCLA 103(c) Notifications of Hazardous Waste Sites, for all of its subsidiaries. This was done as a precautionary measure due to the lack of specific information regarding many of the lead facilities. According to Glenn Rodman, Director of Environmental Control at N.L. Industries no available address is on file for the Chicago Shot Tower Works.
